About Us

Ahmedabad Institute of Technology (AIT) established in 2004 is approved by All India Council for Technical Education, (AICTE) and affiliated to Gujarat Technological University (GTU) prides itself for imparting finest quality of technical and management education. Ours is also ISO certified institute for quality education services. We, at AIT are committed towards the development of students and staff in all facets of life through establishing benchmarks in academic excellence and holistic grooming.

Vision of the Institute:

"To become a premier technological institution that fosters excellence in education and research and serves industry and society at large."

Industrial Collaboration

MOUs: For student's practical exposure, Institute have signed MOUs with various companies. This year in 2024 we signed MOUs with 9 companies like Infividy Pvt Ltd, TechNishal Pvt Ltd, VirtualHeights Pvt Ltd, etc.

Industrial Visits: Every year Institute organizes industrial visits for students to give them practical exposure of classroom theory. Some of industry names include, Adani Port, ISRO, Bisag, Sardar Sarovar, Adani Power, Verifast Technologies Pvt. Ltd, L&T Switch Gear, Reliance Dahanu Thermal Power Station, Indo-German Tool etc.

Guest/Expert Lecture: Institute invites various industry experts as guest speakers to deliver industry expectations from fresh graduates time to time as well as to speak on other contemporary issues.

Project Fair: Institute organizes project fair every year to demonstrate student projects on various Industry/User Define Problems and invites Industry Experts to judge and give suggestions.
